

PREFACE

A planning application is being made by Viridor Waste Management Ltd (Viridor) in respect of land at the Ardley Waste Management Facility, Ardley, Bicester. The application contains proposals for developing an energy from waste facility, a bottom ash recycling facility for producing secondary aggregates and a Visitor & Education Centre along with improvements to the existing household waste recycling centre and amendments to the existing landfill.

The submission documents consist of the following:

Folder 1 of 4 comprises of the planning application, including a supporting statement, application forms and certificates.

Folder 2 of 4 contains the Drawings to accompany the planning application.

Folder 3 of 4 contains the Environmental Statement, which reports on the Environmental Impact Assessment that has been undertaken to assess the environmental effects of the development proposals, and any residual effects following the introduction of measures to mitigate these predicted impacts.

Folder 4 of 4 contains the supporting technical appendices 1-11 to the Environmental Statement

The Environmental Statement is also accompanied by a non technical summary, which is available as a separate document in printed and electronic format free of charge from the address below. Paper copies of the planning application and Environmental Statement are also available at a cost of £150 (including post and packing) from SLR Consulting Ltd. Alternatively these documents are available free of charge from the Viridor web site, www.viridor-consultation.co.uk or CD format at a nominal charge of £5 from the address below.
